

## Amalgamated Financial Corp. Reports First Quarter 2023 Financial Results; Exhibiting Deposit Stability and Solid Liquidity

April 27, 2023 at 6:25 AM EDT

NEW YORK, April 27, 2023 (GLOBE NEWSWIRE) -- Amalgamated Financial Corp. (the "Company" or "Amalgamated") (Nasdaq: AMAL), the holding company for Amalgamated Bank (the "Bank"), today announced financial results for the first quarter ended March 31, 2023.

### First Quarter 2023 Highlights (on a linked quarter basis)

- Net income of \$21.3 million, or \$0.69 per diluted share, compared to \$24.8 million, or \$0.80 per diluted share.
- Core net income excluding the impact of solar tax equity investments (non-GAAP)<sup>1</sup> was \$23.0 million, or \$0.74 per diluted share, as compared to \$27.2 million, or \$0.87 per diluted share.
- Total deposits increased \$446.4 million or 6.8% to \$7.0 billion. Excluding Brokered CDs, deposits declined \$74.3 million or 1.1% to \$6.4 billion, reflecting a stable deposit base.
- Excluding Brokered CDs, average cost of deposits was 61 basis points for the quarter, where non-interest bearing deposits comprised 47% of total deposits.
- Loans receivable, net of deferred loan origination costs, increased \$92.2 million, or 2.2%, to \$4.2 billion.
- PACE assessments grew \$84.5 million to \$996.4 million, comprised of a \$7.0 million increase in commercial and \$77.5 million increase in residential.
- Net interest income was level at \$67.3 million compared to \$67.3 million, while net interest margin grew by 5 basis points to 3.59%, compared to 3.54%.

### First Quarter 2023 Liquidity Summary and Key Balance Sheet Insights

- Super-core deposits totaled approximately \$3.5 billion, had a weighted average life of 17.2 years, and comprised 54% of total deposits excluding Brokered CDs.
- Total uninsured deposits were \$4.4 billion or 62% of total deposits. Excluding uninsured super-core deposits of approximately \$2.5 billion, remaining uninsured deposits were approximately 25-28% of total deposits with immediate liquidity coverage of 137%.
- Cash and borrowing capacity totaled \$2.6 billion (immediately available) plus unpledged securities (two-day availability) of \$868.0 million for total liquidity within two-days of \$3.4 billion (79% of total uninsured deposits).
- Tangible common equity ratio of 6.43%.
- Available for sale securities had unrealized losses of 6.6%, with an effective duration of 1.8 years.
- Held-to-maturity securities had unrealized losses of 8.0%, with an effective duration of 4.9 years, and an effective duration of 4.2 years excluding PACE assessments.
- Regulatory capital remains above bank "well capitalized" standards, and remains strong after the adoption of the CECL standard on January 1, 2023.

Priscilla Sims Brown, President and Chief Executive Officer, commented, "Amalgamated has a differentiated position in the market as a mission-based bank, that has been run conservatively with long tenured client relationships. Over half our core deposit franchise is comprised of customers that have banked with us for decades given our shared values and labor union heritage. Our first quarter results again validate our mission and our beliefs. In fact, our results demonstrate the resiliency of our strategy as well as the strength of our customer relationships. Our strong capital and liquidity positions us well to pursue the next leg of our Growth for Good strategy."

<sup>1</sup> Reconciliations of non-GAAP financial measures to the most comparable GAAP measure are set forth on the last page of the financial information accompanying this press release and may also be found on our website, [www.amalgamatedbank.com](http://www.amalgamatedbank.com).

### First Quarter Earnings

Net income for the first quarter of 2023 was \$21.3 million, or \$0.69 per diluted share, compared to \$24.8 million, or \$0.80 per diluted share, for the fourth quarter of 2022. The \$3.5 million decrease for the first quarter of 2023 compared to the preceding quarter was primarily driven by a \$0.6 million loss related to the sale of a portion of a Silicon Valley Bank ("SIVB") senior note, a \$0.5 million increase in provision expense, a \$3.0 million increase in non-interest expense, and an \$0.8 million increase in income tax expense, offset by a \$1.6 million increase in non-interest income which excludes the loss related to the sale of a portion of the SIVB senior note.

Core net income excluding the impact of solar tax equity investments (non-GAAP)<sup>1</sup> for the first quarter of 2023 was \$23.0 million, or \$0.74 per diluted share, compared to \$27.2 million, or \$0.87 per diluted share, for the fourth quarter of 2022. Excluded from core net income for the first quarter of 2023 were \$3.1 million of pre-tax losses on sales of securities, and \$0.8 million of pre-tax gains on subordinated debt repurchases. Excluded from the fourth quarter of 2022 were \$1.4 million of pre-tax losses on the sale of securities and \$1.7 million of accelerated depreciation from our solar tax equity

investments.

Net interest income was \$67.3 million for the first quarter of 2023, compared to \$67.3 million for the fourth quarter of 2022. Interest income on securities increased \$4.3 million driven by a 65 basis point increase in securities yield offset by a decrease in the average balance of securities of \$39.2 million. Loan interest income increased \$2.3 million driven by a \$110.2 million increase in average loan balances and a 21 basis point increase in loan yields. The increase in interest income was offset by higher interest expense on deposits of \$8.2 million driven by a 84 basis point increase in deposit costs and an increase in the average balance of interest-bearing deposits of \$437.4 million, offset by a \$1.7 million decrease in interest expense on borrowings due to a \$197.4 million decrease in the average balance of borrowings. The changes in deposit and borrowing costs were primarily related to a \$520.6 million increase in Brokered CDs, which replaced short-term borrowing positions from the prior quarter.

Net interest margin was 3.59% for the first quarter of 2023, an increase of 5 basis points from 3.54% in the fourth quarter of 2022. Increases in yields and average balances of interest-earning assets were offset by increased rates and average balances of interest-bearing liabilities, particularly interest-bearing Brokered CDs. No prepayment penalties were earned in loan income in the first quarter of 2023, compared to a one basis point contribution to net interest margin in the fourth quarter of 2022.

On January 1, 2023, the Current Expected Credit Loss ("CECL") methodology for establishing the allowance for credit losses was adopted which increased the allowance for credit losses on loans and securities for on- and off-balance sheet credit exposures. Provision for credit losses totaled \$5.0 million for the first quarter of 2023 compared to \$4.4 million in the fourth quarter of 2022. During the quarter, the Bank recognized a \$1.2 million impairment charge on the SIVB senior note and an additional \$1.1 million of provision expense related to the charge-off of a multifamily loan. Adjusted for these items, our provision for credit losses was \$2.7 million under the new CECL standard, primarily driven by solar charge-offs, portfolio growth, and changes in the economic forecasts used to calculate the allowance.

Core non-interest income excluding the impact of solar tax equity investments (non-GAAP)<sup>1</sup> was \$7.5 million for the first quarter of 2023, compared to \$7.3 million in the fourth quarter of 2022. The increase of \$0.2 million was primarily related to losses on sales of nonperforming assets incurred in the previous quarter.

Core non-interest expense (non-GAAP)<sup>1</sup> for the first quarter of 2023 was \$38.6 million, an increase of \$3.1 million from the fourth quarter of 2022. This was primarily driven by a \$2.5 million increase in compensation and employee benefits comprised mainly of an expected increase in payroll taxes given timing of corporate incentive payments, temporary personnel costs, and benefit insurance costs incurred during the quarter. Additionally, professional services increased from carryover costs related to year-end audit work and data processing increased mainly as a result of sales tax refunds collected in the fourth quarter.

Our provision for income tax expense was \$7.6 million for the first quarter of 2023, compared to \$6.8 million for the fourth quarter of 2022. The increase reflects the impact of an elected change in taxable income recognition in the fourth quarter of 2022. Our effective tax rate for the first quarter of 2023 was 26.2%, compared to 21.6% for the fourth quarter of 2022.

### **Balance Sheet Quarterly Summary**

Total assets were \$7.8 billion at March 31, 2023, compared to \$7.8 billion at December 31, 2022. Notable changes within individual balance sheet line items include a \$92.2 million increase in loans receivable, net of deferred loan origination costs, and an increase in cash of \$67.4 million, offset by a \$96.2 million decrease in investment securities, a \$26.1 million decrease in Federal Home Loan Bank of New York stock, a \$22.3 million increase in the allowance for credit losses, and a \$10.4 million decrease in resale agreements.

Total loans receivable, net of deferred loan origination costs at March 31, 2023 were \$4.2 billion, an increase of \$92.2 million, or 2.2%, compared to December 31, 2022. The increase in loans is primarily driven by a \$95.3 million increase in multifamily loans and a \$18.4 million increase in residential loans, offset by a \$7.9 million decrease in our consumer loan portfolio, and a \$7.7 million decrease in the commercial real estate portfolio as we continue to reduce our exposure. During the quarter we had \$5.6 million of payoffs of criticized or classified loans as we continue to focus on the improving the credit quality of the commercial portfolio.

Deposits at March 31, 2023 were \$7.0 billion, an increase of \$446.4 million, or 6.8%, as compared to \$6.6 billion as of December 31, 2022. Deposits excluding Brokered CDs decreased by \$74.3 million to \$6.4 billion, a 1.1% decrease compared to December 31, 2022, mainly due to normal end-of-period pension depository outflows. Deposits held by politically active customers, such as campaigns, PACs, advocacy-based organizations, and state and national party committees were \$678.1 million as of March 31, 2023, an increase of \$34.5 million compared to \$643.6 million as of December 31, 2022.

Non-interest-bearing deposits represent 48% of average total deposits and 43% of ending deposits for the quarter ended March 31, 2023, contributing to an average cost of deposits of 81 basis points in the first quarter of 2023.

Nonperforming assets totaled \$38.7 million, or 0.49% of period-end total assets at March 31, 2023, an increase of \$10.1 million, compared with \$28.6 million, or 0.44% on a linked quarter basis. The increase in non-performing assets was primarily driven by the SIVB senior note and one construction loan placed on nonaccrual status in the first quarter of 2023, offset by a \$1.1 million charge-off on a multifamily loan.

During the quarter, the allowance for credit losses on loans increased \$22.3 million to \$67.3 million at March 31, 2023 from \$45.0 million at December 31, 2022. The adoption of the CECL standard increased the allowance for credit losses on loans by \$21.2 million to recognize the Day 1 cumulative effect, primarily attributed to our consumer solar portfolio. The ratio of allowance to total loans was 1.61% at March 31, 2023 and 1.10% at December 31, 2022. Considering the Day 1 cumulative effect, the ratio of allowance to total loans at January 1, 2023 was 1.61%. The allowance for credit losses on held-to-maturity securities was \$0.7 million to recognize the Day 1 cumulative effect, primarily attributed to commercial and residential PACE securities. Additionally, the allowance for expected credit losses on off-balance sheet loan exposures was increased by \$2.6 million to recognize the Day 1 cumulative impact of adopting the CECL standard.

### **Capital Quarterly Summary**

As of March 31, 2023, our Common Equity Tier 1 Capital Ratio was 12.23%, Total Risk-Based Capital Ratio was 15.00%, and Tier-1 Leverage Capital Ratio was 7.50%, compared to 12.31%, 14.87%, and 7.52%, respectively, as of December 31, 2022. Stockholders' equity at March 31, 2023 was \$519.2 million, compared to \$509.0 million at December 31, 2022. The increase in stockholders' equity was primarily driven by \$21.3 million of net

income for the quarter and an \$11.4 million improvement in accumulated other comprehensive loss due to the tax effected mark-to-market on our securities portfolio, offset by a \$17.8 million tax effected charge to retained earnings related to the adoption of the CECL standard. We did not elect to utilize the optional three-year phase-in period for the Day 1 adverse regulatory capital effects upon adopting the CECL standard.

Our tangible book value per share was \$16.42 as of March 31, 2023 compared to \$16.05 as of December 31, 2022. Tangible common equity was 6.43% of tangible assets, compared to 6.30% as of December 31, 2022.

### **Conference Call**

As previously announced, Amalgamated Financial Corp. will host a conference call to discuss its first quarter 2023 results today, April 27, 2023 at 11:00am (Eastern Time). The conference call can be accessed by dialing 1-877-407-9716 (domestic) or 1-201-493-6779 (international) and asking for the Amalgamated Financial Corp. First Quarter 2023 Earnings Call. A telephonic replay will be available approximately two hours after the call and can be accessed by dialing 1-844-512-2921, or for international callers 1-412-317-6671 and providing the access code 13737335. The telephonic replay will be available until May 4, 2023.

Interested investors and other parties may also listen to a simultaneous webcast of the conference call by logging onto the investor relations section of our website at <https://ir.amalgamatedbank.com/>. The online replay will remain available for a limited time beginning immediately following the call.

The presentation materials for the call can be accessed on the investor relations section of our website at <https://ir.amalgamatedbank.com/>.

### **About Amalgamated Financial Corp.**

Amalgamated Financial Corp. is a Delaware public benefit corporation and a bank holding company engaged in commercial banking and financial services through its wholly-owned subsidiary, Amalgamated Bank. Amalgamated Bank is a New York-based full-service commercial bank and a chartered trust company with a combined network of five branches across New York City, Washington D.C., and San Francisco, and a commercial office in Boston. Amalgamated Bank was formed in 1923 as Amalgamated Bank of New York by the Amalgamated Clothing Workers of America, one of the country's oldest labor unions. Amalgamated Bank provides commercial banking and trust services nationally and offers a full range of products and services to both commercial and retail customers. Amalgamated Bank is a proud member of the Global Alliance for Banking on Values and is a certified B Corporation®. As of March 31, 2023, our total assets were \$7.8 billion, total net loans were \$4.1 billion, and total deposits were \$7.0 billion. Additionally, as of March 31, 2023, our trust business held \$39.7 billion in assets under custody and \$13.9 billion in assets under management.

### **Non-GAAP Financial Measures**

This release (and the accompanying financial information and tables) refer to certain non-GAAP financial measures including, without limitation, "Core operating revenue," "Core non-interest expense," "Core non-interest income," "Core net income," "Tangible common equity," "Average tangible common equity," "Core return on average assets," "Core return on average tangible common equity," and "Core efficiency ratio."

Our management utilizes this information to compare our operating performance for March 31, 2023 versus certain periods in 2023 and 2022 and to prepare internal projections. We believe these non-GAAP financial measures facilitate making period-to-period comparisons and are meaningful indications of our operating performance. In addition, because intangible assets such as goodwill and other discrete items unrelated to our core business, which are excluded, vary extensively from company to company, we believe that the presentation of this information allows investors to more easily compare our results to those of other companies.

The presentation of non-GAAP financial information, however, is not intended to be considered in isolation or as a substitute for GAAP financial measures. We strongly encourage readers to review the GAAP financial measures included in this release and not to place undue reliance upon any single financial measure. In addition, because non-GAAP financial measures are not standardized, it may not be possible to compare the non-GAAP financial measures presented in this release with other companies' non-GAAP financial measures having the same or similar names. Reconciliations of non-GAAP financial disclosures to comparable GAAP measures found in this release are set forth in the final pages of this release and also may be viewed on our website, [amalgamatedbank.com](https://ir.amalgamatedbank.com/).

### **Terminology**

Certain terms used in this release are defined as follows:

"Super-core deposits" are defined as total deposits from commercial and consumer customers, with a relationship length of greater than 5 years. We believe the most directly comparable GAAP financial measure is total deposits.

"Core efficiency ratio" is defined as "Core non-interest expense" divided by "Core operating revenue." We believe the most directly comparable performance ratio derived from GAAP financial measures is an efficiency ratio calculated by dividing total non-interest expense by the sum of net interest income and total non-interest income.

"Core efficiency ratio excluding solar tax impact" is defined as "Core non-interest expense" divided by "Core operating revenue excluding solar tax impact." We believe the most directly comparable performance ratio derived from GAAP financial measures is an efficiency ratio calculated by dividing total non-interest expense by the sum of net interest income and total non-interest income.

"Core net income" is defined as net income after tax excluding gains and losses on sales of securities, gains on the sale of owned property, costs related to branch closures, restructuring/severance costs, acquisition costs, and taxes on notable pre-tax items. We believe the most directly comparable GAAP financial measure is net income.

"Core net income excluding solar tax impact" is defined as net income after tax excluding gains and losses on sales of securities, gains on the sale of owned property, costs related to branch closures, restructuring/severance costs, acquisition costs, tax credits and accelerated depreciation on solar equity investments, and taxes on notable pre-tax items. We believe the most directly comparable GAAP financial measure is net income.

"Core non-interest expense" is defined as total non-interest expense excluding costs related to branch closures, restructuring/severance, and acquisitions. We believe the most directly comparable GAAP financial measure is total non-interest expense.

"Core non-interest income excluding the impact of solar tax equity investments" is defined as total non-interest income excluding gains and losses on

sales of securities, gains on the sale of owned property, and tax credits and depreciation on solar equity investments. We believe the most directly comparable GAAP financial measure is non-interest income.

“Core operating revenue” is defined as total net interest income plus “core non-interest income”, defined as non-interest income excluding gains and losses on sales of securities and gains on the sale of owned property. We believe the most directly comparable GAAP financial measure is the total of net interest income and non-interest income.

“Core operating revenue excluding solar tax impact” is defined as total net interest income plus non-interest income excluding gains and losses on sales of securities, gains on the sale of owned property, and tax credits and depreciation on solar equity investments. We believe the most directly comparable GAAP financial measure is the total of net interest income and non-interest income.

“Core return on average assets” is defined as “Core net income” divided by average total assets. We believe the most directly comparable performance ratio derived from GAAP financial measures is return on average assets calculated by dividing net income by average total assets.

“Core return on average assets excluding solar tax impact” is defined as “Core net income excluding solar tax impact” divided by average total assets. We believe the most directly comparable performance ratio derived from GAAP financial measures is return on average assets calculated by dividing net income by average total assets.

“Core return on average tangible common equity” is defined as “Core net income” divided by “Average tangible common equity.” We believe the most directly comparable performance ratio derived from GAAP financial measures is return on average equity calculated by dividing net income by average total stockholders’ equity.

“Core return on average tangible common equity excluding solar tax impact” is defined as “Core net income excluding solar tax impact” divided by “Average tangible common equity.” We believe the most directly comparable performance ratio derived from GAAP financial measures is return on average equity calculated by dividing net income by average total stockholders’ equity.

“Tangible assets” are defined as total assets excluding, as applicable, goodwill and core deposit intangibles. We believe the most directly comparable GAAP financial measure is total assets.

“Tangible common equity”, and “Tangible book value” are defined as stockholders’ equity excluding, as applicable, minority interests, preferred stock, goodwill and core deposit intangibles. We believe that the most directly comparable GAAP financial measure is total stockholders’ equity.

#### Forward-Looking Statements

Statements included in this release that are not historical in nature are intended to be, and are hereby identified as, forward-looking statements within the meaning of the Private Securities Litigation Reform Act, Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements generally can be identified through the use of forward-looking terminology such as “may,” “will,” “anticipate,” “aspire,” “should,” “would,” “believe,” “contemplate,” “expect,” “estimate,” “continue,” “in the future,” “may” and “intend,” as well as other similar words and expressions of the future. Forward-looking statements are subject to known and unknown risks, uncertainties and other factors, any or all of which could cause actual results to differ materially from the results expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to: (i) uncertain conditions in the banking industry and in national, regional and local economies in our core markets, which may have an adverse impact on our business, operations and financial performance; (ii) deterioration in the financial condition of borrowers resulting in significant increases in loan losses and provisions for those losses; (iii) deposit outflows and subsequent declines in liquidity caused by factors that could include lack of confidence in the banking system, a deterioration in market conditions or the financial condition of depositors; (iv) changes in our deposits, including an increase in uninsured deposits; (v) unfavorable conditions in the capital markets, which may cause declines in our stock price and the value of our investments; (vi) continued fluctuation of the interest rate environment, including changes in net interest margin or changes that affect the yield curve on investments; (vii) potential deterioration in real estate collateral values; (viii) changes in legislation, regulation, public policies, or administrative practices impacting the banking industry, including increased regulation and FDIC assessments in the aftermath of the Silicon Valley and Signature Bank failures; (ix) the outcome of legal or regulatory proceedings that may be instituted against us; (x) our inability to maintain the historical growth rate of the loan portfolio; (xi) changes in loan underwriting, credit review or loss reserve policies associated with economic conditions, examination conclusions, or regulatory developments; (xii) the impact of competition with other financial institutions, including pricing pressures and the resulting impact on our results, including as a result of compression to net interest margin; (xiii) any matter that would cause us to conclude that there was impairment of any asset, including intangible assets; (xiv) the risk that the preliminary financial information reported herein and our current preliminary analysis will be different when our review is finalized; (xv) increased competition for experienced members of the workforce including executives in the banking industry; (xvi) a failure in or breach of our operational or security systems or infrastructure, or those of third party vendors or other service providers, including as a result of unauthorized access, computer viruses, phishing schemes, spam attacks, human error, natural disasters, power loss and other security breaches; (xvii) a downgrade in our credit rating; (xviii) increased political opposition to Environmental, Social and Governance (“ESG”) practices; (xix) recessionary conditions; (xx) the ongoing economic effects of the COVID-19 pandemic; and (xxi) physical and transitional risks related to climate change as they impact our business and the businesses that we finance. Additional factors which could affect the forward-looking statements can be found in our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, and Current Reports on Form 8-K filed with the SEC and available on the SEC’s website at <https://www.sec.gov/>. We disclaim any obligation to update or revise any forward-looking statements contained in this release, which speak only as of the date hereof, whether as a result of new information, future events or otherwise, except as required by law.

(1) The Company adopted the CECL standard on January 1, 2023. As a result, the classification of loan segments was updated, and all loan balances for presented periods have been reclassified.

(2) With the adoption of the CECL standard, loans balances as of March 31, 2023 are presented at amortized cost, net of deferred loan origination costs.

(3) With the adoption of the CECL standard, the allowance for credit losses on both loans and securities as of March 31, 2023 is calculated under the current expected credit losses model. For December 31, 2022 and March 31, 2022, no allowance was calculated on securities, and the allowance on loans presented is the allowance for loan losses calculated using the incurred loss model.
